

## Week 1 Orientation Activities

Go to "Week 1" under the "Weekly Schedule" link in the main menu to view all of the orientation assignments that must be completed during this first week of class. All assignments are due no later than 11:59pm, Monday, August 30th. I encourage you however to complete these assignments earlier in case problems arise.

Before you attempt any of these assignments you should read all the material under the "course syllabus" link.
